**ON-CAR LATHES**

**PCIA106ADP**

Pro-Cut's WARTHOG commercial duty platform is now designed for plug and play G2X and GYR upgrades. The Warthog utilizes an entirely new rugged body casting design which is not only more rigid and stable, but has a heavy duty PTO drive system that provides nearly twice the start up torque of our other machines. A larger spindle, increased bearing separation, and thicker draw bar combine to give smoother cuts on larger vehicles. This lathe is ready to provide reliable service on any vehicle up through many medium duty trucks. A great machine for fleets, municipalities, truck shops, or high volume full line dealers.
